Lodging Descriptions

RUSTIC CABINS

Browns Cabin, Denny Cabin, and Aunt Delaine Cabin

These are two-level furnished log cabins bringing all of the charms of yesteryear to your getaway. Heated with wood we provide for you, these cabins have a comfy living room area and ample space with tables and chairs. These cabins do not have kitchens or bathrooms. Water is available near the bathrooms. They do have electric lights, low-power electricity, and feature a small motel-sized refrigerator and microwave. The sleeping areas have newer, comfortable beds in twin, double, and queen sizes. There is also room for placing additional sleeping bags about the cabin as desired. Located next to these three cabins is a two-room outhouse.

For all cabins, bring your own bedding or there will be additional charges.

All cabins are to be cleaned before departure.

Browns Cabin –

Our largest improved rustic log cabin with sleeping for eight persons on two levels. Sleeping areas upstairs and downstairs. Now featuring a queen and double bed downstairs. Includes a living area, table and chairs, microwave, and small refrigerator. Heats with the wood we provide.

This cabin has two queen/doubles and one couch on the main floor and four twin beds in the loft.

Denny Cabin –

A delightful two-story log cabin featuring sleeping for eight persons; four upstairs and four downstairs. Now featuring a queen and double bed downstairs. It has a living area, table and chairs, microwave, and small refrigerator. Heats with the wood we provide. This cabin has two queen/double and two couches on the main floor and four twin beds in the loft.

A “Little House on the Prairie” cabin featuring a loft overhead for extra sleeping. Open living area with sitting area, table and chairs, microwave, and small frig. This cabin sleeps 6 on the main floor (2 bunks and 2 queen/double). In the loft, there is room for several older children (not recommended for small children). It is listed as sleeping a total of 10 but more can fit in if necessary.

Chetwood Cabin

Chetwood is a historic cabin transplanted from the Eagle Cap Wilderness. It is our most secluded cabin. As a favorite of many of our guests, it is situated directly across from our two-acre fishing pond. It is the furthest cabin from the main camping area. This cabin has no electricity, and no kitchen; features a large wood stove suitable for heating your hot water for coffee or tea. Sleeps 5/6 with a queen futon, double bed, and three twin beds. Has an adjacent outdoor toilet building (outhouse). Heats with wood we provide you. Hot showers and a laundry facility are within walking or driving distance. Bring lanterns and flashlights to this cabin, as Chetwood does NOT have electric power.

Pine Creek Cabin, “The Honeymoon Cabin”

This secluded one-room log cabin is ideal for couples or personal retreats. Located on a hillside overlooking our two-acre lake. Cozy up in front of the wood stove with a steamy hot cup of cocoa for those chilly nights. Breathe in the fresh pine air from your full-front balcony and watch the deer and elk cross in front of the cabin from your doorway. Pine Creek features a comfortable queen bed, a love seat, a recliner, a table, and chairs. Heats with wood we provide for you. Brand-new, heated bathrooms, hot showers, and a laundry facility are a short walk away. Outdoor toilet building (outhouse) right outside. Bring lanterns and flashlights to this cabin, as Pine Creek does NOT have electric power. This cabin has a STEEP trail to it.

FULL-SERVICE CABIN
